Dear Teacher Hotline...

Checklist for Students

Dear Teacher Hotline,

The students are learning to make pie (quiche), but they often forget steps in the process, get a bit lost, and then can't complete their tasks. I often repeat myself. Do you have any tips to help them out?

Sincerely,

Overwhelmed Otto,

Vocational Cooking Teacher

Dear Overwhelmed,

Have you explored using a **process checklist** to help students remember all the steps? This document can help them organize their work and help you quickly verify they are on track and successfully complete the pie. Come join us at the Voc Talk café on **March 11th at 3:00 pm** to explore one that is currently used in a vocational training program.

Sincerely,
The Teacher Hotline

Every first Monday of the month, the Voc Talk Café changes its formula to focus on exploring a teaching tool, in the context of any sector of vocational training. After a short introduction, participants are invited to modify a copy of the tool for use in their trade with the help of the consultants in attendance.
