QACVE Conference – May 16 – 17, 2024 – Thetford Mines

Call for Workshops

We are excited to announce the Call for Workshop Submissions for the 2024 QACVE conference! This conference serves as a platform for Quebec's English-language vocational training network to share knowledge, experiences, and innovations. We invite dedicated individuals like yourself to contribute to the growth and development of vocational training by submitting workshop proposals.

The bi-annual QACVE conference brings together vocational educators, trainers, industry experts, and policymakers to explore the latest trends and best practices in vocational training. This year's conference theme, Discover, aims to foster idea exchanges and collaboration to enhance the quality of vocational training programs across the province. By presenting a workshop at QACVE, you will have the opportunity to:

1. Showcase your expertise, insights, and successful strategies in vocational training.
2. Network with professionals from diverse vocational sectors and create valuable connections.
3. Help equip the workforce of the future with the skills they need to succeed.
4. Inspire others to innovate and improve vocational training programs.

The conference has two session formats: a workshop and an interactive poster session. The workshop session will be a 45-minute interactive presentation and the poster session will be a one(1) hour, self-guided event where vocational educators can present their topic in an informal, conversation-forward environment. We invite submissions on various topics that touch vocational training:

- Effective or innovative teaching practices
- Industry partnerships, apprenticeships and stages
- Assessment, Evaluation and Certifications
- Technology integration

- Workplace Safety
- Inclusivity and Diversity

GENERAL INFORMATION

Important dates:

Workshop Submission Deadline: November 30, 2023

Notification of Acceptance: December 18, 2023

Conference Date: May 16-17, 2024

Submission Instructions:

Please fill out the form and submit your workshop proposal via email to rlong@nfsb.qc.ca by November 30, 2023. Your proposal should include the following:

- Presenter(s) professional information
- Title of Workshop
- Abstract (50 word maximum)
- Workshop Description (200 word maximum)
- Workshop type (45 min workshop or poster session)
- Learning Objectives
- Presenter(s) Biography
- Audiovisual and Technical Requirements

Submission Review Process:

Once the submission is received, an acknowledgement will be sent via email to the person who submitted the workshop. All proposals will be evaluated by the organising committee. Submissions will be notified of their status by **December 18, 2023**. Please note that all workshop presenters must register for the conference. Registration details will be provided upon acceptance of your workshop proposal.

First Resource Person:

Last Name	
First Name	
Title or Position	
Department or service
