

PROJECT RISE

RESOURCES FOR INDEPENDENT STUDENT ENGAGEMENT

Are you interested in collaborating with other adult ed teachers as part of a RECIT initiative to create digital resources for students?

- Create digital student resources for online or in-class learning
- Network with AGE colleagues from different parts of the province
- Make your life easier as a teacher

With more and more centres using digital tools and environments, the RECIT AGE team is looking to support and accompany teachers in their new endeavours. **Project RISE**, which stands for **R**esources for **I**ndependent **S**tudent **E**ngagement, will bring teachers together to build digital resources for students intended to develop their subject-specific competencies and autonomy.

Here are some of the parameters of our 20-21 resource groups:

- All Project RISE meetings will be held virtually during the 2020-2021 school year
- You must have a good understanding of your subject curriculum
- Active participation in the resource team is required
- RECIT AGE can release teachers to work on this project

An info session will be held on Zoom on **October 5, 2020 at 3pm** and repeated on **October 13, 2020 at 3pm**. If you are interested in joining either session or if you would like more information on the project, please reach out to us.
